Origination Procedures

- Application:** Apply online through FP website: <http://fundingpartners.org/loan-programs> and provide FP with a signed Borrower's Authorization, E-consent and credit report fee for prequalification.
- Processing:** FP will collect and verify income, asset, alternate credit (as necessary) and transaction details. Upon completion of a formal application, FP will deliver formal credit determination and all required disclosure notices to applicants within three business days. FP will request community report and property inspection prior to loan approval. All outstanding items must be cleared prior to funding.
- Rehabilitation:** Applicants proposing to make improvements to an existing residence are required to meet with the local agency to review all project aspects. In most cases, the local agency will function as general contractor. In all cases, the local agency must approve and inspect all improvements to determine the work meets habitability standards and code requirements. Applicants must certify all work is complete prior to loan closing.
- Closing:** FP will prepare and deliver all loan documents and disclosures to the borrower prior to closing. Borrower returns all signed originals to FP. FP will disburse all funds after receipt of original loan and title transfer documents. For improvement loans, all workmen and suppliers must provide fully executed waivers prior to receiving loan proceeds.
- Fees Collected:** Application, rehabilitation monitoring and public recording fees will be assessed and collected at settlement, as detailed within a statement prepared by FP. Proceeds wire will include fees due to third parties and public recording fees, as applicable.
- Settlement:** Borrower may NOT receive any proceeds at the time of closing regardless of total contribution to the transaction. Excess proceeds will be retained by FP and applied as a principal reduction to the loan amount. No changes to the loan documents or loan amount shown on the settlement statement are permitted as a result of excess proceeds.
